## INTRODUCTION

Transportation can be the stability that is needed too often when we most need help, the hardest thing is to find out where and how to get it.

In Centre County, we are fortunate to have many agencies and organizations available to offer resources in assisting you with this basic need. This handbook will introduce you to these organizations and tell you how to get in touch with them. While the need is great and not every situation can easily be resolved, we hope this book provides a foundation for you to find your own solutions.

This handbook primarily focuses on services available to those seeking transportation options in Centre County.

*All phone numbers listed in this book are area code  
“814” unless otherwise noted.*
